Amendments to the Claims:

This listing of claims will replace all prior versions, and listings, of claims in the application:

1. (Currently Amended) A neck warmer comprising:

an elongated continuous cylindrical sleeve portion having an exterior face, a lower rim, and an upper rim; and

said exterior face having indicia suggesting the appearance of a character, said character generally including eyes and facial features below the eyes, said indicia comprising said facial features below the eyes, including at least a mouth indicia and a nose indicia but not including the eyes, said features are positioned on the exterior face, between said lower rim and said upper rim, the nose indicia is positioned on said exterior face closer to said upper rim than the mouth indicia, and said mouth indicia is positioned on said exterior face closer to said lower rim than said nose indicia, the mouth indicia positioned on the exterior face so that, when worn by a user, the mouth indicia aligns with the approximate position of a user's mouth while other portions of the cylindrical sleeve completely surround the user's neck to warm the user's neck.

2. (Original) A warmer according to Claim 1, wherein said sleeve portion is formed from a fleece material.
